

## DEPENDENT & HOUSEHOLD COVERAGE AVAILABLE THROUGH YOUR EAP

Your Employee Assistance Program (EAP) is a free confidential benefit available to you, your dependents, and household members. Coverage includes dependents who may not live within your household or who are attending college and extends for 12 months post-employment.

In-the-moment telephonic support, counseling, legal and financial consultation, and work-life resources are available by calling our toll-free Helpline or you may call, text, or chat with a team member using our iConnectYou App.

Services are available nationally and can be easily accessed 24/7, offering you and your loved ones around-the-clock assistance for many of life's challenges.
