Savings Center Registration Tips

- While Perks at Work suggests that you use your work email address, you don't have to. You are less likely to run into technical problems if you use a personal email address instead.
- Where it says "Your Company" enter **Workplace Options US** (it may come up automatically).
- A new drop-down field will pop up and auto-fill "United States." (You only need to change this if it says something other than "United States.")
- A second new field will pop up, saying "Company Code." Here, put **EAP**.
- Be sure that you can access your email right away. A system-created message will be sent to that address immediately. You will need to retrieve the email to complete your registration and then log in to begin exploring the site for great discounts.
- Still having problems during registration? Click the **Login Help** link to contact the Customer Service department: <https://www.perksatwork.com/help/loginhelp>.
